

**Notice of Public Meeting  
of the  
CALFED Water Use Efficiency (WUE) Program  
Urban Certification Ad Hoc Work Group**

**Meeting Date and Location:**

Thursday, February 28, 2002  
9:00 a.m. to Noon

Hearing Room 102A, Bonderson Building  
901 P. Street (Corner of Ninth and O Streets)  
Sacramento CA

**Background:**

The CALFED Bay-Delta Program is a cooperative effort among state and federal agencies and the public to ensure a healthy ecosystem, reliable water supplies, good quality water, and stable levees in California's Bay-Delta system. The Water Use Efficiency Program is one of several Program elements CALFED is implementing through an integrated approach. The August 2000 CALFED Record of Decision called for CALFED agencies to implement a process for certifying urban water suppliers' compliance with the terms of the Urban Memorandum of Understanding. The CALFED Bay-Delta Program is convening an Urban Certification Ad-Hoc Work Group to assist the WUE Program Manager in developing a well informed, implementable and broadly supported urban certification process.

**Purpose of Meeting:**

The February 28 meeting – the first of the Work Group – will provide an opportunity to: 1) review the goals and purposes of the Work Group; 2) discuss Ground Rules and other procedures; 3) begin discussions related to an urban certification framework; and, 4) discuss a draft schedule and milestones for the Work Group. Members of the public will be provided an opportunity to ask questions and provide comment. The Work Group's Meeting Agenda is provided below.

**Meeting Agenda:**

- |  |            |
|--|------------|
| 1. Welcome and Introductions                                 | 9:00 a.m.  |
